

# Restructuring Residential Outdoor Areas – Sweden

Anna Degerfeldt, Social Anthropologist Urban Utveckling

070 - 226 11 70 anna.degerfeldt@urbanutveckling.se www.urbanutveckling.se

The INHERIT project (2016-2019), coordinated by EuroHealthNet, has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 667364

## **Involving Residents in Outdoor Restructuring Projects**

- Strengthen resilience and social cohesion
- Increase safety and trust between the tenants as well as with the property owner
- Facilitate property management
- Better investments

## Working with the Social Aspects of Urban Planning

#### **Urban Utveckling**

- Urban planners , Geographers, Political scientists, and Anthropologists
- Community engagement & dialogue
- Place studies
- Mappings
- Evaluations
- Place branding
- Safety and accessability

#### The initiative

- National funding to restructure outdoor residential areas
- Public and Private Property Owners
- Residential properties in socioeconomically disadvantaged areas
- Requirement of resident engagement

The INHERIT project (2016-2019), coordinated by EuroHealthNet, has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 667364

## How to Engage the Residents and Create Value Outdoor dialogue in Husby, Sweden

The INHERIT project (2016-2019), coordinated by EuroHealthNet, has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 667364

## **Engaging the Residents Creates Values!**

### Key Points:

- Real influence
- Early engagement Avoid costly mistakes
- Continuous dialogue
- Information and transparency
- Managing expectations

## Thank you!
